

# Major brands are seeing major savings on adhesives – **SOME MORE THAN 50%!** That's InvisiPac.

*"In the first 90 days, we've had zero errors and have gone from using 30 pounds of adhesive each day to nine pounds."*

— PLANT MANAGER, WORLDWIDE MEAT PROCESSOR

## Minimizes glue char.

InvisiPac<sup>®</sup>Tank Free™ melts adhesive and is dispensed to meet your application's demand.

## Adhesive options.

Great performance even with low-cost adhesives.

## Eliminates nozzle plugging.

Less char, less system maintenance and more uptime.

## Quick start-up.

Ready in 10 minutes, eliminating costly downtime.

## Tracks adhesive usage.

Measure, control and track adhesive grams per box and get alerts when target usage is off.
