

**POLYGRAPH.ics™ ... Superior yield
in the polyolefin print industry.**

PRIMEX **PLASTICS CORPORATION**

A Subsidiary of ICC Industries Inc.

Large enough to
handle your
requirements.

Small enough to
handle your needs.

Many consumers like the softer feel of **POLYGRAPH.ics™** die cut edges while enjoying the great looks achieved on a variety of surface finishes.

POLYGRAPH.ics™ E is known as the best lay flat, square cut, cleanest polyethylene material for the print industry.

POLYGRAPH.ics™ P is a polypropylene material routinely chosen for superior yield, recycling characteristics, and its reduction in energy consumption in production and transportation.

POLYGRAPH.ics™ P Clear is a clear polypropylene which adds a “clear” advantage in product yield, material composition, and recyclability for those looking to replace other clear materials.

For more information or samples on **POLYGRAPH.ics**,
please call our Reedsburg facility at **608-524-6777**.
