

COOL WEATHER UNIFORM RULES

Regular Everyday School Uniform:

On cold days, girls are allowed to wear **white, black or navy blue tights** under their jumper or skirt. Only tights (with feet) may be worn under skirts or jumpers. Leggings are not permitted under skirts or jumpers.

All students may wear Morning Star School sweaters or Morning Star School fleece jackets over their MSS short sleeve or long sleeve polo shirts during the school day. Non school uniform jackets/sweatshirts may be worn into the school building, but they must be taken off once inside.

PE Uniform Days:

On cold PE days, students may wear **solid navy blue sweatpants** with their MSS PE shirts. (It is not mandatory, but students may choose to wear their MSS PE shorts under their **navy blue sweatpants**. This is helpful on those days that it is cool in the morning but warms up as the day goes on.) Plain navy blue sweatpants can be purchased at RC Uniforms, but they do not need to be purchased there as long as they are solid, no words or designs, and navy blue.

Some students choose to wear leggings or compression leggings under their MSS PE shorts on cool days. In this case, students are allowed to wear **solid black leggings/compression leggings under their regular MSS PE shorts**. No other colors are permitted.

Students may wear their MSS sweater or fleece jacket over their MSS PE shirt. **Non school uniform jackets/sweatshirts may be worn into the school building, but they must be taken off once inside.**

If you have uniform needs, we do have a gently used uniform closet. A uniform closet flyer went home a few weeks ago with students. You can fill out the uniform flyer or if you do not have the flyer, simply write the desired item, size and your child's name/ grade, and send it into school. We will send the item(s) home if we have them.
