

Door Match

PRESIDENT'S LETTER

This is **Not** a Fire Drill

Rich Goldman and I have often discussed how most fundraising efforts have an urgent tone to them. Kehillah certainly encourages congregants' support but we do try to keep the volume down. However... we have been given a challenge by a member that we simply can't let pass as it is somewhat time sensitive. It's quite simple. The goal is to raise \$12,000 which will enable us to fully pay for our new front doors. The incentive is that the first \$6,000 raised will be matched dollar for dollar. We've already raised \$2,000 toward that goal and that was by word of mouth.

Why now??

First of all, if you drive by our building you will see that the new doors have been installed. [See below for photos.] There is still work to be done to fix the stucco, paint, etc., but we wanted everything to be completed prior to our first Kabbalat Shabbat service on August 9th**. Second, if successful, this matching opportunity will allow us to make further security improvements.

All contributions should be designated "Door Match." No contribution is too small. You can pay online or by check. If you wish to pay in installments, that's fine, but you must let Renee know. We simply can't forego this opportunity!

Thank you all in advance.

B'Shalom,

Gil Blumenthal

**On August 9th there will be a family open house starting at 6:15 p.m., with wine and cheese for adults and kids' activities with the YEP! staff. Kabbalat services begin at 7:00 p.m., followed by an Oneg. Please check Kehillah Connections for more details.
