Membership report

As we wrap up our term I'd like to provide you with our District Membership Stats: In 2017 our District reported 414 members and in 2018 we reported 402 members.

The good news is that overall in 2019 our District increased its membership numbers by bringing them up to 416 – so we

accomplished our goal to increase our members during this 2 year term.

The unfortunate news is that a few delayed payments that were received past the deadline of Dec. 1 so we unfortunately we reported to the State a decrease in membership of 400 members. That's unfortunate but I will take the positive news all day long.

Next, I will move on to the District contest - The numbers are in and we have a very clear win with one club increasing their membership by 46%. Wow! This club will receive a new custom built website or wikipedia page. Last year Calhoun won this award and I know they are their new site, this year the winner is.....

Lafayette Woman's Club

Congratulations to Lafayette Woman's Club. I know how hard you worked this year and I can't wait to work with you to build your new website.

New Member Contest winner Lecia Eubanks, Lafayette Woman's Club.

And Last but not least it has been my pleasure to serve this District as your 1st VP, I'm thankful for each and everyone one of you and extremely honored to lead the North West district as

your 2020-2022 President. I will post a separate video for you regarding my presidency symbol and overall theme.

For now, take care of yourselves, wash your hands frequently and be safe. I hope to see you all soon.
