

Monday Morning Advanced F&I Training

“Timing,” as they say, “is everything!”

We are *all* aware that weekends tend to bring the heaviest volume. Resultantly, Monday mornings present a timely opportunity for reflection and discussion. When combined with the ability to discuss the challenges, which may have surfaced, in a peer setting of high-performance individuals... and our collective ideas *will* provide a recipe for *your* success!

THIS is *exactly* why we host our Monday Morning Advanced F&I Training, in the comfortable confines of the Conley Insurance Group office. Meetings occur at 10am weekly.

To participate, please inquire at erik@conleyinsurance.com.
