Downloading a PDF Proof

Users may download PDF versions of the marketing materials available in our Online Print Shop. These PDF files are low-resolution proofs intended only as a preview of the final document.

Find the Online Proof

First, view the online proof of the document you wish to download.

If the document does not include custom agency information, simply select it in the store and click the **View Proof** button in the bottom-left corner of the pop-up window.

Downloading a PDF Proof

For a document with the ability to include a custom agency imprint, finish keying the imprint information (or select **No Imprint**), then click the red **Review & Approve** button.

Download the PDF

Hover over the online proof and click the ⬇ button to download the PDF file.
