Kaiser Permanente to Open Convenient, Neighborhood Medical Center in Friendship Heights

This September, Kaiser Permanente will open [Well by Kaiser Permanente™ at Friendship Heights](#), a modern, unique 5,000 square-foot medical center. Well Friendship Heights will offer convenient, personalized adult primary care and will be located at the Shops at Wisconsin Place, at the intersection of Wisconsin Ave NW and Western Ave NW and near the Friendship Heights Metro station.

The new, boutique neighborhood medical center helps Kaiser Permanente increase personalized service and help patients feel more connected to their care team. With more than 780,000 members in the mid-Atlantic, the new Friendship Heights center also supports our approach to membership growth in the D.C. market.

The design aesthetic of Well Friendship Heights will be unique to Kaiser Permanente's portfolio of patient centers, with contemporary and comforting design features that put patients first, improve workflow and foster interactions between patients, doctors and other clinical staff. The Friendship Heights medical center will have four internal medicine and primary care physicians when it opens in September.

You can learn more by taking a look at [our site](#) and this [flyer](#). Please share this information with your groups and Kaiser Permanente members as part of our commitment to providing convenient, affordable, quality care.
