2021 Rx Enhancements

Medical Pharmacy Management (MPM)

Effective **July 1, 2021**, the medications listed below covered under the medical benefit will require prior authorization to better manage rising specialty drug costs. Providers were notified in the April issue of BlueLink.

Prior authorization is required to ensure safe and effective use of these high-cost medications.

To view a full list of medications covered under the medical benefit that require prior authorization or subject to site of care, visit the [Specialty Drug List](#). This list is updated monthly.

Prior Authorization

Drug Name	Drug Class
Evkeeza	Lipid disorders
Breyanzi	Oncology

Failure to obtain prior authorization for these drugs may result in the denial of the claim payment.
