

# Project Overview

## *The Friendship House Restoration*

This Lent, Good Shepherd is committed to restoring the Friendship House, a multi-functional housing building in Bondeau, Haiti, which was severely damaged in the August 2021 earthquake. Restoration of the campus buildings began in 2023 and progressed as funding, building supplies, and labor became available. The walls have been repaired, and a new roof, windows, plumbing, and wiring have all been installed.

**Our goal is to raise \$20,000 to provide essential kitchen appliances, beds, and a power system that includes solar panels, batteries, and a power inverter.**

Visit our Friendship House in the Narthex and watch what your donations will provide throughout Lent – a power system, beds, and kitchen appliances! Our 2025 Lenten Project is a blessing to our sisters and brothers in Christ in Bondeau and to the Good Shepherd Church and School.

Bon Samaritan Church and School will receive all donations through the South Florida Haiti Project, a 501(c)(3) non-profit organization with an eighteen-year partnership with the Bondeau community.

Upon completion, the Friendship House will also provide temporary lodging for Mission Teams, Pilgrims, Visiting Clergy, and Healthcare and Educational Professionals coming to Bondeau.

**2025  
Lenten Project**

**The Friendship House  
Restoration  
Bondeau, Haiti**

**Fundraising Goal - \$20,000**

**The Friendship House  
Before the 2021 Earthquake**

**The Friendship House remains under construction in 2025, Outstanding necessities include solar power system, kitchen appliances and beds.**

## **Good Shepherd and Bondeau, Haiti A Long-Term Partnership**

Other ways Good Shepherd has partnered with Bondeau to benefit the beautiful people who live there:

- Food Packing for Haiti
- Long-term commitment to support food security, education, healthcare, and economic sustainability in Bondeau
- South Florida Haiti Project
- Visits and preaching by Pere Phanord, Priest in Charge, Bon Samaritan Episcopal Church and School
- Congregation donations of \$15,000 to construct a new kindergarten building in 2022
