When It's High-Risk, You Need High-Level Care

Whether it's diabetes, multiples, or unexpected news, we deliver advanced care that puts moms and their babies first. Sinai Chicago's Maternal Fetal Medicine Clinic at Ogden Commons provides expert high-risk maternity care with genuine compassion and access to the West Side's highest-level NICU.

Conditions We Treat During Pregnancy:

- Diabetes, hypertension, and other pre-existing health conditions
- Renal disease, lupus, thyroid disease, cardiac disease
- Polycystic Ovarian Syndrome (PCOS)
- Complicated multiple gestations
- History of preterm labor or complicated pregnancies
- Genetic conditions and mutations
- Among others
