

Universidad Popular Programs

Families Learning to Teach (FLT)

FLT is a program for parents and their children to learn together. It strives to provide a nurturing space where parents and children can learn, while emphasizing the importance of parents becoming the first and best teachers in the lives of their children.

Learning to Succeed (LETOS)

LETOS is an adult education program that offers English Language Development. In the process of learning English, classes examine critical issues in their communities, work, education and family.

UPtoYouth

The program provides area youth with tutoring, sports recreation, and opportunities for self-expression. The program facilitates the academic, social, and emotional growth of the young people it serves.

Digital Literacy

The program includes basic and intermediate computer classes and a computer repair program.

Health Literacy Initiative

UP's Health Literacy Initiative (HEALIN) strives to promote healthy lifestyles and to build strong and healthy individuals, families, and communities. The program offers health seminars, fitness classes such as yoga and aerobics and healthy cooking classes.

Universidad Popular Mission Statement

Universidad Popular mission is to reach community empowerment through participatory learning, working in partnership with neighborhood residents to transform their lives and ultimately the community.
