Winners' Circles offer safe, positive, nonjudgmental, relaxed spaces for participants to develop healthy lifestyles, and share support, encouragement, and success with others at similar places in their lives. Participants gain the rewards of genuine self-care and mutual respect, while learning skills and behaviors that help them assume responsibility for self-direction and build positive interactions in their families, workplace, and community. There will be free food and drinks, and it is open to the first 18 people who register!

For more information on Winners' Circle Training or to RSVP contact Regina Rizzo at rrizzo@legalaidchicago.org or Peter Contos at pcontos10@gmail.com.

Each Winners' Circle group is designed to be independent and self-sustaining. In Illinois, TASC (Treatment Alternatives for Safe Communities) helps guide the development of Winners' Circles by providing training for Winners' Circle leaders, and by working with community partners to establish locations for Winners' Circle meetings.
