**Event:** On the Table

**Who:** The Kennedy Forum

**Date:** May 16<sup>th</sup>, 2017

**Contact:** James Burns; [James@TheKennedyForum.org](mailto:James@TheKennedyForum.org), 312-450-3456

The Kennedy Forum's mission is to reduce the stigma around mental health and substance use disorders and increase knowledge, compassion and action. Studies show the most effective way to eliminate stigma is a face-to-face conversation.

The Kennedy Forum is participating in The Chicago Community Trust's *On The Table* project, an initiative to bring together tens of thousands of people on a single day for intimate conversations to discuss solutions to challenges in our community and our lives. The *On The Table* initiative is a valuable opportunity to gather in safe spaces with family, friends, colleagues, and community members to discuss the importance of issues related to mental health openly and constructively

This year, our aim is to reach more diverse communities, faith leaders, community leaders, students, teachers, law enforcement, elected officials, business leaders, mental health providers, people who suffer with mental health and addiction, and everyone in between. Please consider hosting a conversation to fight stigma. [Learn more.](#)
