

# STUDENT SPOTLIGHT

## SEPTEMBER 2021

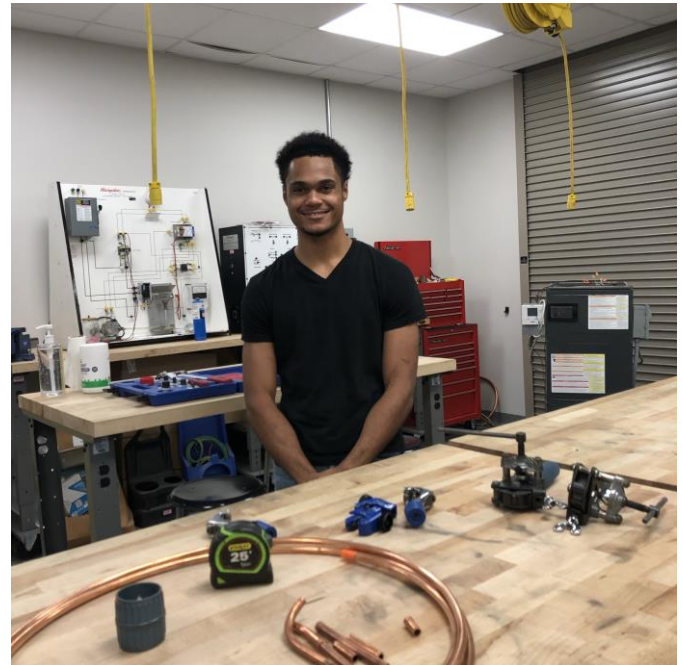

### Christopher Williams HVAC Program Lacombe Campus

Christopher Williams was born in New Orleans and lived in Texas, Maryland, Virginia, and Florida before returning to Slidell 2 years ago. He's the second youngest of 8 siblings. Christopher graduated from Northshore High School in Spring 2021. While in high school, he enjoyed track, basketball, and power lifting, but football was his favorite sport until he found boxing in his senior year. Christopher is now training for amateur-level competition under Coach Dupre at Anointed Hands gym in Slidell.

Christopher joined the NTCC Gator family in summer 2021 as a participant in the Career Exploration Summer Academy. Christopher says what he liked most about the academy was hearing from people who work in a wide variety of industries. "I enjoyed learning from people with real-world experience who could tell us what they do day-to-day, and the benefits and downfalls of their chosen careers." He initially thought about enrolling in the Electrician Program, but changed his mind to HVAC after attending the academy.

*"I'm working to build a foundation for the rest of my life. I'm not sure where I'll be in 5 years. Right now, I'm trying to think about more than just myself."*

*Christopher Williams*

The Student Spotlight is a monthly newsletter that highlights the achievements of NTCC students. The nominee can be an online or face-to-face student that faculty think best represents the college in academics and through their efforts off campus.
