

STEPS TO CREATING A WALK TEAM

1

Visit campsealeharris.org & click on "Diabetes WALK for Camp Seale Harris." Choose the WALK you plan to attend.

2

Now you're on the Diabetes WALK page! Click "Join Now." The "Register Now" box will open. Enter the # of participants you're registering. You must enter at least 1.

3

Fill out the "Your FirstGiving Account" registration form. Click "next." If you're the only registrant, select "Myself." If you're registering someone else, click that option & enter their info. Click "next."

4

Select option to start a new team. Give your team a fun name. If you're walking to sponsor a specific camper, please include that name in your team description! (Example: Shelley's Sugarbusters - Shelley Johnson)

5

Now it's time to create your personal fundraising page! You can edit the page as you like. TIP: Add your personal story about diabetes, volunteering, Camp Seale Harris or why you walk.

6

Set a fundraising goal. There's no penalty for not reaching it & it's motivation for your supporters. Start with \$500 if you're unsure.

7

You can be the first to donate to your page! After you decide to do this or not, click "Next." Complete participant payment, then click "Submit." That's it! You're ready to walk. See what it looks like to your donors by clicking your page link in the top of the "You've created your fundraising page" box.

WHAT CAN I DO WITH MY PERSONAL FUNDRAISING PAGE?

- Track team progress.
- Insert "Living with Diabetes" stories to personalize your page.
- Add pictures or YouTube videos.
- Choose what donor information can show & personalize your thank you message.
- Share your page on Facebook, Twitter, Email & any other social media you may have.

WHAT IS THE BEST WAY TO GET SUPPORT FOR MY TEAM?

EMAIL! Visit the "Your Fundraising" tab then click "send your page via email." Contact us for a sample email or create your own to explain to friends, colleagues, family, etc. why you're walking, how it helps your child/a child with diabetes & how to click on your link. You can ask for donations, update people on fundraising & thank donors. Easily import your contacts & click send!
