More than 70 photorealistic dinosaurs are ready to return from extinction to delight families and dino fans everywhere, as Jurassic Quest Drive Thru, the nation's largest and most realistic dinosaur experience, launches its Midwest tour in April, and will make its return to the parking area of DTE Energy Music Theatre beginning on Friday, June 18 through Sunday, July 4.

After welcoming millions of guests to sold-out events across the country, Jurassic Quest Drive Thru will transform outdoor areas throughout the region into a fun-filled drive-thru experience complete with baby dino and trainer meet and greets, photo opportunities, a choose-your-own-audio-adventure tour and memories of epic proportions.

Jurassic Quest Drive Thru guests now get to choose their own audio adventure! Jurassic Quest's own Safari Sarah, Dino Dustin, Captain Caleb, Prehistoric Nick and Park Ranger Marty provide a fun-filled soundtrack for the hour-long trip back in time to help visitors navigate the dino herd and learn little-known dino facts – packed with plenty of lighthearted humor to tickle funnybones of every age ("get ready to Tricera-STOP here...")! Visitors can opt for the original audio tour in English and Spanish or a brand-new audio adventure led by Safari Sarah with the rest of the crew serving up A BIG surprise for everyone at the end!
