

PAY IT FORWARD FACE MASKS

Starting November 1st, Redeemer is introducing a face mask ministry.

There will be four baskets as you enter the church with masks in them:

Child (2-5 yrs), Child (6+ yrs), Adult (teen & up), Adult XL (Men's).

Please take as many as you like for yourselves or friends. In return, just make a donation to the food closet or to Robert's discretionary fund.

The basket will be started with several masks in each one. We invite anyone who likes making masks to contribute to keeping the baskets filled. Each mask will be in a plastic bag with the size written on it.

That way anyone wanting a mask can look through the baskets without actually touching them until they find one that speaks to them.

Masks can be dropped off at the office in individual bags with the size marked on them. They will be collected each Friday and placed in their respective baskets. For more information or for patterns, contact Peggy Young, 272-3402, email: anpyoung1@msn.com.
