

## ***Paper Bag Scarecrows***

### **Supplies:**

- Cardstock (black, green, orange, brown)
- Buttons (or googly eyes)
- Scissors
- Glue stick
- Brown paper bag
- Raffia (or yarn, ribbon, etc.)
- Scrap paper

### **Instructions:**

1. Thread a piece of raffia through a button, twice.
2. Tie it, cut off the excess, and repeat with the other button.
3. Cut out the shape of a hat from the brown card stock, making sure the base is a little bit wider than the brown bag.
4. Cut out a small orange triangle and several small black lines, about ½ inch long.
5. Cut out strip of green cardstock, about 1 inch wide, and glue it onto the hat.
6. Trim off any excess.
7. Glue on the eyes and nose. Glue the black strips on in the shape of a smile to make it look like stitching.
8. Cut strips of raffia, about 14 inches long.
9. Fold them in half and glue them near the top of the bag.
10. Glue the hat over the top of the bag, covering the top of the raffia hair.
11. Stuff your bag with crumpled scrap paper, plastic bags, or anything with a little bit of crunch to it.
12. Glue the top of the bag closed.
