

Help Shape Our Region's Future

2019 Regional Plan Transportation Network Themes Open Houses

Join Us!

for an Open House about the future of transportation in the San Diego region

Advancements in technologies, like smart phone applications and ridesharing, are rapidly shaping and changing how we travel. As the region evolves, what will San Diego's transportation network look like in 30 years? What transportation issues are most important for your quality of life? What should be considered as, together, we build San Diego's transportation vision for 2050? The San Diego Association of Governments (SANDAG) wants your input on factors to consider as we develop transportation network scenarios for the 2019 Regional Plan. Draft network scenarios will be available for public input in summer 2018 and a preferred scenario, which will form the core of the 2019 Regional Plan, will be selected by the Board of Directors in fall 2018.

This is a family-friendly event, and light refreshments will be served.

The open houses will include an interactive tour of components considered in the transportation network scenario development process, including transit, Managed Lanes/highways, emerging technologies and services, environment/climate change, public health, and the economy. Visit information stations to learn more and share your thoughts on the region's future. **You're invited to speak with staff directly, complete a survey, and/or submit a comment card about what you envision for San Diego's future.**

Subregional Open Houses

2019 Regional Plan Transportation Network Themes

SANDAG is partnering with 13 Community Based Organizations (CBOs) from around the region to bring the 2019 Regional Plan to the community level. These organizations have created programs to engage stakeholders from low-income communities, limited-English speaking populations, the disabled community, and seniors to ensure that their voices are heard and that San Diego Forward: The 2019–2050 Regional Plan is socially equitable. Everyone is welcome at these subregional open houses hosted in collaboration with SANDAG CBO partners.

TransNet is undergoing a Ten-Year Review

Ten years of the 40-year *TransNet* measure have passed and the voter approved half-cent sales tax for transportation improvements is undergoing a comprehensive review promised to voters. The *TransNet* Ten-Year Review has been aligned with the development of the 2019 Regional Plan. The “look back” report that assesses program performance was presented to the Board in January 2018, and the “look ahead” is underway. Input gathered through the 2019 Regional Plan network development process will help inform potential revisions to improve *TransNet* performance going forward.

About San Diego Forward: The 2019–2050 Regional Plan

The 2019 Regional Plan will build upon the 2015 Regional Plan, which merged local planning efforts, emerging issues, and innovative concepts into an overall vision for the region's future, including specific actions to turn that vision into reality.

SANDAG kicked off the 2019 Regional Plan effort in April 2017 and is in the process of gathering public input on key future decision areas. For more information, visit SDForward.com.
