

MISSION COMMITTEE "SUMMER PROJECT"

A Children's Place (ACP) was founded and opened in our church over 50 years ago and has been a major mission of our church ever since.

Over the years we've made many changes in the church. We've provided more space for ACP, new "rules" have been established and adhered to by daycare staff, Pastors and Daycare Directors have come and gone; through it all ACP has continued to thrive and remains the central mission of First Pres, serving a critical need in our community.

Our Mission Committee members decided that our "Summer Project" this year will be to help them by collecting diapers and wipes that they need and use every day. They've told us that any size diaper will be fine but they don't need a lot of the large sizes, size 5 and 6. Any brand of unscented wipes will be fine.

We're asking our members to keep ACP in mind when they're shopping and to pick up some diapers and/or wipes to place in the ACP tote near Sandy Merwin Fellowship Hall. The staff has assured us that anything donated will absolutely be appreciated and used. We will also be in touch later to let anyone who is interested know how they can individually help ACP staff/children throughout the year.

In anticipation of your willingness to help *A Children's Place*,
a very sincere thanks from your Mission Committee members.
