

August 28, 2-4:00 talk with Q&A

Lecture: The Role of Archetypes in Fostering Personal Fulfillment and Spiritual Maturity

This lecture will begin with a discussion of archetypes as universal images, characters, and narratives and then move to briefly describe 12 and how they foster authenticity and wholeness and potentially spiritual gifts. The lecture will be followed by a time for questions and sharing. Those who wish to do so are invited to take the Pearson-Marr Archetype Indicator® at capt.org. There is a modest fee for taking this, which includes an in-depth report about your results.
