## New Ellenton, SC

Nestled in the lovely town of New Ellenton is a friendly pharmacy with an experienced pharmacist who loves her community and serving the people there.

In March of 1997, Amy Hibbitts took a job as a Pharmacy Technician in her hometown. She enjoyed it so much that she decided to go to pharmacy school. Amy graduated Magna Cum Laude from USC- Columbia College of Pharmacy in December 2002. Her first job as a pharmacist was at Eckerd Drug in New Ellenton.

Amy came from a family with great success as business owners in her hometown and the community had come to love these businesses. After working at Eckerd Drug for some time, Amy felt that she had a unique opportunity and decided to start her own pharmacy.

After a less than pleasant experience with her first lender, Ollin Sykes, with Sykes & Company, P. A., CPA and advisory firm for pharmacists, referred her to First Financial Bank. Amy was able to work one-on-one with First Financial Bank's lender, Bo Garmon, to make the financing process as easy as possible. In July of 2015, Amy opened Hibbitts Drug.

Owner, Amy Hibbitts, R.Ph.
