NCLGS

NATIONAL COUNCIL OF LEGISLATORS
FROM GAMING STATES

Why NCLGS?

The National Council of Legislators from Gaming States (NCLGS) serves two vitally important functions:

- To help elected officials in states across the nation to establish sound, effective gaming policies.
- To educate those lawmakers as to what works, what doesn't and how they can develop and improve gaming policies in their own communities and states.

State legislators are empowered to make decisions that touch every facet of this important industry, from establishing tax rates and regulatory frameworks to determining the competitive landscape.

NCLGS Meetings are structured to encourage a variety of viewpoints and to allow our attendees and sponsors to meet informally with lawmakers. The Meetings are designed to allow stakeholders and legislators to hear, share and discuss ideas to advance that common goal of promoting sound public

Why sponsor?

NCLGS is the ONLY place where you can interact with the legislative decision makers.

- You will meet dozens of legislators, regulators and other leaders from across the nation, from large and small gaming states.
- You can help educate those lawmakers, while learning of their challenges and opportunities.
- You can inform the discussion, and be informed by the debate.
- You can share quality time with decision-makers, and they can share their valuable time with you and other stakeholders
