

## FAMILY WORSHIP GUIDE – November 15, 2020

**BIBLE STORY:** Read Luke 17:11-19

In the Scripture above, we discover a significant moment when ten lepers asked Jesus to heal them. When their skin condition went away, they were so thrilled about the miracle that they ran off and forgot to say, “thank you.” Only one man, a Samaritan, turned around and showed his gratitude. Jesus made a point to comment this man’s faith.

**MEMORY VERSE:** “Give thanks to the Lord, because He is good. His faithful love continues forever.” Psalm 136:1 NIRV

**BASIC TRUTH:** I need to make the wise choice.

**MONTHLY LIFE APPLICATION:** Gratitude — letting others know you see how they’ve helped you.

**WHY DO PEOPLE FORGET TO SAY THANK YOU?** Identifying the reasons behind what we do is important. We want to consider why forgetting to say thank you can be so easy. As we discover these reasons, we pray we develop a strategy for remembering to say thank you when people help us.

**SUMMARY:** **Say thank you.** To say thank you is sometimes so hard to put into practice. People offer their help and kindness and love, yet we often take all of that for granted. We pray that through this moment in Jesus’ life, we will understand the importance of remembering to say thanks when others are kind to us.
