# TOTAL LOVE PARENTING

**TOPIC: REALISTIC EXPECTATIONS  
MARCH 9TH, 6-8PM**

HOWARD COUNTY OFFICE OF LOCAL CHILDREN'S BOARD  
9830 PATUXENT WOODS DRIVE  
COLUMBIA, MARYLAND 21046  
ROOMS 346 & 347

The purpose of the TLP sequence is to teach parents to develop influence in an atmosphere of warmth and mutual respect. Integrated in this approach are parental expectations, needs of children for successful experiences, and direct expression of feelings. A unique feature of TLP is that the therapist becomes a part of the family's network and parenting skills are taught, reviewed, and transferred during each therapeutic interaction. Additionally, TLP successfully enriches the organizational patterns and communication processes of families who strive to positively parent their children.
