MORE THAN

9,000,000

**CALIFORNIANS WILL BE OVER THE AGE OF 65.
THAT'S 3,000,000 MORE THAN THERE ARE TODAY.**

This unprecedented growth in the senior population is driving a skyrocketing demand for long term services and supports (LTSS), yet we see increasing evidence that paying for these services is bankrupting middle class seniors and their families throughout the state.

Join us for a panel discussion on the challenges that seniors and people with disabilities face when seeking affordable long term care and the caregivers who provide these essential services.

This event is hosted by the San Francisco Care Council, including UDW/AFSCME Local 3930, SEIU Local 2015, Caring Across Generations, the California Domestic Workers Coalition, SF Family Caregiver Alliance, Senior and Disability Action, California Foundation for Independent Living Centers, and Hand in Hand: The Domestic Employers Network.
