# Community Living Campaign

## ***Creating Connections To Help Neighbors Age and Thrive at Home***

The Community Living Campaign works with seniors and people with disabilities to increase the resources and support that will allow them to continue to live in their own homes and neighborhoods.

## ***Teaching Skills and Offering Practical Support***

Since 2007, we have been working with San Francisco neighbors to organize free activities and programs that offer practical support and teach valuable skills.

Connections for Healthy Aging Workshops

Neighborhood and Grocery Delivery Networks

Computer Training and Access

Community Convening and Advocacy

## ***Fostering Friendships***

At the same time, these programs and activities create opportunities to develop connections and friendships—the informal support networks that are essential to staying in our own homes for as long as we choose.

## ***Creating Opportunities to Contribute***

Numerous studies show when seniors connect with others, learn new things, and have a sense of purpose, they significantly improve their well-being and longevity. Our programs provide these opportunities—offering places to make friends, keep learning, and continue to contribute to making our neighborhoods better places to live and thrive.
