Shared Savings Program

Are you or one of your dependents in need of a procedure or planned, non-emergency surgery?
You can earn financial rewards by receiving rewardable healthcare services; check the training video and other resources, including FAQs on the Shared Savings Program page on the myBenefits.MyFlorida.com website.

- SEARCH AND SAVE! Use Healthcare Bluebook's Healthcare Transparency Tool to search by procedure and find a high-quality, low-cost facility to have your procedure completed. View Healthcare Bluebook's Frequently Asked Questions

- BUNDLE AND SAVE! Use SurgeryPlus to bundle services and costs to pay one, lower rate. Contact a SurgeryPlus Care Advocate at 844-752-6170 for guidance on your surgery experience and bundle your services. For example, rather than paying separately for the surgeon, facility, anesthesiologist, and radiologist, SurgeryPlus negotiates one "bundled" rate. View SurgeryPlus' Frequently Asked Questions.
