

INTERNAL MEDICINE

Did you know FIU has doctors who specialize in treating adults?

If you are 18 or older, our internal medicine physicians are your initial point of contact for all your health care needs.

Dr. Carla Rabassa, Dr. Amalia Galindez, and Dr. Gloria Coronel look forward to providing you with excellent and compassionate care.

They offer various services, including check-ups, cancer treatments, blood disorders management, and tests to catch problems early.

Before scheduling an appointment, check with your insurance to make sure you're covered.

Questions? Contact [FIU HEALTH](#) at 305-348-3627.
