### 2024 Florida Retirement System Legislative Changes

In the 2024 Regular Legislative Session, the Florida Legislature [passed bills](#) affecting members and employers of the Florida Retirement System (FRS) and other state-administered retirement plans.

Legislative changes are summarized below:

- **Employment After Retirement:** Effective July 1, 2024, Bill HB 151 allows retirees to be reemployed with an FRS employer and receive both compensation and retirement benefits after meeting the termination requirements (six calendar months after date of termination) in Section 121.021(39) of Florida Statutes. This change eliminates the “suspension of benefits” period currently applied during calendar months seven through twelve after the date of termination.
- **Preservation of Benefits Plan:** The FRS Preservation of Benefits Plan will be closed to new members effective July 1, 2026. The Preservation of Benefits Plan currently allows Pension Plan members to receive a benefit that is in excess of the annual benefit limit established by the Internal Revenue Service (IRS).
