Why is it important to designate a beneficiary?

Beneficiary changes are often overlooked. Ensure proceeds are paid as you intend by keeping your beneficiary designations up to date. As a reminder, your benefits and beneficiary designation(s) are protected and confidential information, therefore, it may only be shared with legally authorized family members and/or individuals. Below are important details about how to update beneficiaries:

- **Securian's Basic & Optional: Life Insurance Policies** through the State of Florida – Learn why it's important to name a beneficiary and take time to designate and manage your life insurance beneficiary information online.
- **FRS Retirement Plans:** Under both FRS Pension and investment plans, complete a beneficiary designation form if you wish to control who may receive any available retirement benefits. Visit the library of beneficiary forms by plan.
- **SUSORP Retirement Plan:** Under the SUSORP plan, contact your provider company to keep your beneficiary information updated.
- **403(b) and 457 Voluntary Retirement Accounts:** You may go to your investment provider's website or contact them directly to make any necessary changes. Review the list of providers.
- **Final wages:** (Payroll) beneficiary - Be advised the emergency contact listed in your Panther Soft employee profile may be contacted for final wages purposes. Go to *MyFIU* > *Personal Details* > *Emergency Contacts* to update information, as needed.
