

Next January 27-30, **120 of the world's best women golfers will be playing in the Gainbridge Tournament at Boca Rio Golf Club in Boca Raton.** The LPGA Tour last held this event at Boca Rio in 2020, and several members from both the Palm Beach and Fort Lauderdale LPGA Amateurs Chapters volunteered to marshal two holes that year. It was a great experience for many of us, getting to watch up close the LPGA's best professional women golfers!!

The Gainbridge volunteer committee is asking local LPGA Amateurs Chapters to help again in 2022. We need someone from our chapter to step up as a volunteer **Hole Captain**. Below is a description of a Hole Captain's role.

Hole Captains

Hole Captains will be assigned a specific hole to oversee the operations of Hole Marshals on their given hole. Responsibilities include checking in Marshals at hole locations, rotating Marshals throughout their given hole assignment and informing Marshal Chairman of any issues or shortages of volunteers. Marshals are stationed on each tee and green, landing areas, and crosswalks.

Traits: Must be knowledgeable in golf etiquette, be able to walk to and from hole location assignments, have adequate vision and hearing, and be able to stand for extended periods of time.

Physical Effort: MODERATE - able to stand for long periods of time. Hole Captains and Marshals are encouraged to bring small chairs to sit in during down times.

Active days: Wednesday-Sunday of tournament week; (*outdoor committee*)

Nancy Board took on that responsibility in 2020 and will be happy to help the new Hole Captain get started. If you are able to assist the LPGA Tour by serving as a Hole Captain, **please contact Nancy Board by calling (561) 445-9301** or emailing Events@LPGAamateursFtLaud.com.
