

Attract top talent

A career site, job distribution, and employee referral program build brand awareness and attract talent for in-demand roles.

Run an effective hiring process

Customizable hiring steps and interview guides work with in-platform background checks, assessments, and reference checks to get the right person hired faster.

Enhance candidate engagement

External (email, SMS) and internal communication tools (inbox, comments, tags, star ratings) keep the team aligned and candidates engaged.

Manage new hires

Integrated digital onboarding, payroll and shift scheduling drive productivity and ensure compliance post-hire.

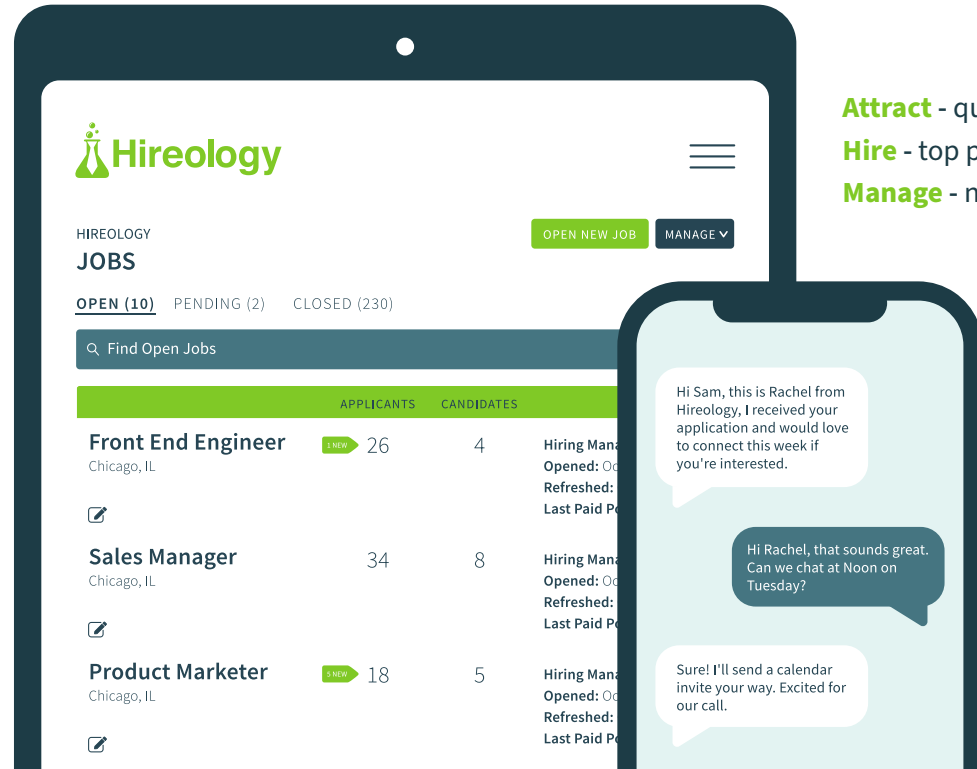

See ROI

Easy-to-read Insights by hiring manager, job, and location. Understand process health, hiring velocity, channel performance, and ROI.
