

I-90/SH-41 SPUI OPERATION

The Idaho Transportation Department is in the final season of construction to replace and upgrade the I-90/SH-41 Interchange and surrounding local roads.

The new interchange will feature a Single Point Urban Interchange (SPUI) where all ramps will converge at a single point controlled by a traffic signal.

Westbound I-90

Motorists traveling southbound on SH-41 will merge to the right onto westbound I-90.

Motorists traveling northbound on SH-41 (from Herborn Pl.) will use the intersection and turn left to merge onto westbound I-90.

SH-41 from Eastbound I-90

Motorists will exit I-90 and use the intersection to turn left onto northbound SH-41.

Motorists will exit I-90 and turn right to merge onto southbound SH-41.

SH-41 from Westbound I-90

Motorists will exit I-90 and merge right onto northbound SH-41.

Motorists will exit I-90 and use the intersection to turn left onto southbound SH-41.

Eastbound I-90

Motorists will use the intersection to turn left onto eastbound I-90.

Motorists will take a sharp right turn to merge onto eastbound I-90.
