# ANNUAL IMPACT REPORT 2021

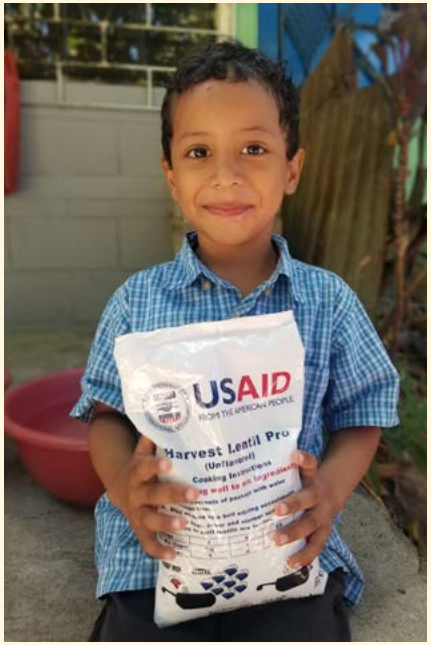

OAA

## THANK YOU

For your contributions, for your ceaseless support, and for believing in our mission.

## OUR CALLING

Helping our faith partners spread the Gospel and bring the materially poor and the poor in spirit to a closer union with our Lord Jesus Christ.

## OUR MISSION

For your contributions, for your ceaseless support, and for believing in our mission.

## OUR VISION

Be a faith-based organization of excellence responding to the needs of the most vulnerable people and communities in Latin America and the Caribbean.

# A MESSAGE FROM OUR CEO

We will always point to 2021 as the year when OAA matured beyond emergency aid to supporting the creation of more resilient communities, and to alleviating the hardships suffered by those who have lost some or all ability to support themselves or their families because of their religious beliefs and practices. Thanks to your prayers, your trust in us, and your generosity, we were able to provide more than 4.3 million lifesaving pre-packaged meals to over 181,000 people throughout Central America and the Caribbean. Our dedicated team worked with churches, ministries, and other partners in Cuba, Haiti, Honduras, El Salvador, Nicaragua, and Guatemala, to make this possible.

We are growing. Last year, in Nicaragua, we helped enhance the capacity of our faith-based partners and community leaders to participate as active members of civil society and to create opportunities for citizen engagement in social impact initiatives. In Haiti we helped generate spaces for religious leaders and community members to engage in dialogue and discussions on topics including civic education, citizen participation, and conflict resolution, which will strengthen their ability to participate in political and electoral processes.

We continue to emphasize supporting the growth and health of the Church in Cuba by empowering its leaders, serving their communities, facilitating training, providing resources, and advocating for their rights. And we are bringing this training and support to advocates for freedom of religion or belief in other countries in the region. On our 27th year of ministry, we feel proud of our achievements and look forward to continuing to make a difference in the lives of the most vulnerable in the countries we serve.

# EMPOWERING VULNERABLE COMMUNITIES, WOMEN AND AT-RISK YOUTH

Through the development of local self-employment initiatives, OAA focuses on assisting disadvantaged people to build livelihoods by creating independent enterprises. As a result, rising entrepreneurs and small business owners are able to free themselves from the cycle of poverty. Our projects also combine business principles with principles of Christian leadership and values.

## OUR RELIGIOUS FREEDOM AND HUMAN RIGHTS WORK

Part of OAA's mission is to promote religious freedom or belief and related human rights in Latin America and the Caribbean. OAA does this through supporting projects that support human rights advocacy and build independent civil society, focusing on authoritarian contexts with egregious rights violations such as Cuba, Nicaragua, and Venezuela.
