*The Cleveland Restoration Society Community Luncheon is the annual event that brings together leaders in the community to support and celebrate our cultural heritage. Over the years our luncheons have attracted upwards of 300 community leaders who make an important impact in our region.*

## Keynote Speaker

**The Honorable Justin M. Bibb** is the 58th Mayor of Cleveland working to improve public safety, invest in neighborhoods and modernize City Hall. On January 3, 2022, Mayor Bibb took the oath of office to become the city's first millennial mayor.

Mayor Bibb was born and raised on Cleveland's southeast side in the Mt. Pleasant neighborhood. Over the past 15 years, Mayor Bibb has worked in government, business and the nonprofit sector as an executive and nonprofit leader. He started his career in public service working for then-U.S. Senator Barack Obama, and later at Cuyahoga County as a Special Assistant advising on education and economic development policies. He led the Global Cities Practice at the global research firm Gallup, served as Vice President at KeyBank and most recently as Chief Strategy Officer at Urbanova, a startup focused on improving cities.

## Event Venue

We are pleased to host our Community Luncheon this year in the "Green Stone Church," home to East Mount Zion Baptist Church on Euclid Avenue in the heart of the Cleveland Clinic campus. The church was first constructed as the Euclid Avenue Christian Church and was purchased by East Mount Zion Baptist Church in 1955. This congregation has been a vital part of Cleveland's religious heritage and was the first African American congregation to hold services on Euclid Avenue. Built between 1905-1908 in the Romanesque Revival style, this Cleveland landmark was recently listed in the National Register of Historic Places. Come early for an 11:00 a.m. tour with Society's Director of Preservation Services, Margaret Lann, who will speak about the historic features and finishes, including the stunning stained glass windows fabricated by J&R Lamb Studios.
