Solidarity at the USG Assembly

In November, the member of the Rome office attended the USG Assembly in Sacrofano. It was a great occasion to meet again the Superior General, after the pandemic and to speak about our projects.

Unfortunately, the Solidarity Mission Promoter was not able to attend this meeting, due to the self-quarantine imposed to the people coming back from Africa.

During the sessions, the USG Secretary, Br Emili Turù Rofes, introduced our Association to the participants, explaining our projects and presenting our needs for financial support and personnel.
