

Best Wishes to Retiring Town Employees

This month we're highlighting four employees heading into retirement:

Marcia McGinnis, Administrative Coordinator for the Community Services Department, retired on July 15th. Marcia began her career with the Town in 1998 as the Deputy Town Clerk and moved to the Community Services Department in 2006. Throughout her career with the Town, Marcia received numerous commendations for her work and for the past 10 years helped keep the Community Services Department running smoothly and efficiently with

enthusiasm.

Marcia shared that she enjoyed working with the Town staff and was pleased to have served the residents of Scarborough for the past 18 years. Marcia is now looking forward to spending more time with her family.

The husband and wife team of Dan and Cheryl Plowman are retiring on September 2nd. Dan began his career in 2010 as a part time employee with the Community Services and Public Works Departments. Dan assisted the Community Services Department with Seasonal Beach Care and Grounds Maintenance and the Public Works Department as a Seasonal Operations Driver/Laborer. In August 2014, Dan became a full time Maintenance

Worker with the Public Works Department where he assisted with road maintenance, constructions and repairs, and in snow and ice removal.

Cheryl began her career with the Town as a part time Finance Clerk with the Collections Department in August of 2013. In November of 2013, Cheryl was hired full time with the Collections Department where she provides Town citizens and visitors with friendly customer service while processing and collecting property and excise taxes.

Both Dan and Cheryl have worked tirelessly to assist Scarborough residents during their time at the Town. Dan and Cheryl will miss their co-workers but are excited about their upcoming retirement and spending more time with their families.

Frank Nappi is retiring from the Public Works Department on September 1st after 27 years of dedicated service to the Town. Frank joined the Public Works Department in 1989 in the Vehicle Maintenance Division working as a Mechanic. After 5 years, Frank joined the Operations Team where he performs varied maintenance work on Town streets and operates trucks and sanders in snow removal. After one severe snowstorm, Frank was praised in a newspaper article for avoiding a potentially serious collision

between his snow plow and a car that slid directly in its path. During his time at Public Works, Frank has also served on hiring committees and has assisted with the training of new employees.

Frank is excited about his upcoming retirement and is looking forward to spending more time with his wife, Sue, and their families.
