

YOUR QUALITY OF LIFE, OUR FOCUS

Ask your hearing health professional these important questions

- ~ Does your staff receive compensation in addition to salary on hearing aid devices?
- ~ Are you able to offer hearing aids from various manufacturers so my options are not limited?
- ~ How does your staff keep current with recent advances?
- ~ How many years of experience do you have in the hearing health field?
- ~ Do you perform real ear measures to verify that the hearing aid fitting is customized for my hearing loss?
- ~ How do you validate that the hearing aids address my important quality of life issues?
- ~ Can you provide me with previous patients to contact so I can determine the quality of care you provided to them?
- ~ As compared to your competitors, what steps could you take to be sure I'm satisfied with my hearing aids?
