

Noise-Induced Hearing Loss

Across

- 2 What happens to hearing when it is damaged
- 5 Where noise parameters must be followed
- 7 Occupational Safety and Health Administration
- 8 Sound-level _____ measure noise levels
- 11 Industry with specific standards for hearing conservation
- 12 Sound measurement
- 13 Length of this should be limited

Down

- 1 It can matter how _____ you are to the noise
- 3 Hearing loss levels vary in this
- 4 The kind of equipment that can prevent hearing loss
- 6 Putting this in the ears will not protect them from noise
- 9 How long the noise exposure is
- 10 How _____ the noise is can put hearing at risk
