

INTRODUCING THE BRIEFING REPORT

OUR VOICES. OUR STORIES. **OUR IMPACT.**

We are gathering.
We are speaking.
We are amplifying.

During Women's Small Business Month, we come together on **October 1, 2026** to connect, share, and strengthen our collective voice.

The conversation continues. Our stories, ideas, and insights don't end on October 1—they grow, travel, and inspire. We will amplify these conversations through **THE BRIEFING REPORT.**

A PUBLICATION THAT CAPTURES OUR MOMENT

The Briefing Report documents the voices, perspectives, and key takeaways from leaders, entrepreneurs, and change makers across our community. It serves as a lasting resource to inform, inspire, and drive action.

AVAILABLE OCTOBER 1, 2026

The Briefing Report will be released on October 1 and available online at **HerCollectiveVoice.com.**

AMPLIFYING PAST OCTOBER 1

While October 1 is our starting point, our conversations will continue to be amplified through this publication and our digital platforms.

A RESOURCE FOR ALL

Use this report to learn, share, and continue powerful conversations that support women, businesses, and communities everywhere.

“

When women organize, our voices become stronger. When we unify, our influence grows. When we amplify one another, we become a force capable of moving businesses, communities, and generations forward.

”
