

MEET THE AUTHOR

What if the family story you grew up with isn't the whole truth?

DNA testing now allows everyday people to uncover hidden relatives, confirm ancestors, and solve genealogical mysteries that paper records cannot.

Join genetic genealogist and local author M. Scott Bartlett for a fascinating presentation that will change the way you think about family history forever.

Copies of "Search Angels and Strangers" will be available for purchase at a discounted price of \$15.00.
