

If your family is able to make sandwiches at home, we will be collecting them in the morning carpool on Monday, February 14, 2022 to take to Roof Above.

WCA Sandwich Making Guidelines:

- Use either white or soft whole wheat sandwich bread, no heels please.
- For meat sandwiches, use ham, turkey, or bologna. For thin sliced meat, use at least 5 slices. For thick sliced meat, use at least 3 slices. Please create hearty sandwiches. ***Think about the sandwich YOU would like to eat at lunch.***
- Cheese is nice. If you choose to add cheese, place an individually wrapped cheese slice beside your sandwich, so it can be an option/choice to add.
- ***Do not put*** mayonnaise or mustard on the sandwiches. ***Individual packets of condiments are very much appreciated. Individual mayonnaise packets can be purchased in the mayonnaise section of the Harris Teeter.***
- Do not add lettuce or tomato.
- Put sandwiches in individual baggies. Please feel free to use the least-expensive sandwich bags — no need for zip locks. Stack the assembled sandwiches inside the bread bag. (One loaf of bread makes about nine sandwiches)
- Please keep meat/cheese sandwiches refrigerated until you plan to drop off in Monday morning carpool on February 14th.
