

Valley Interfaith Project

Heading into a new year and a new political era, how do we connect across political and social divides?

Valley Interfaith Project's 2025 leaders retreat will focus on the art of the relational meeting: how we can get to know each other more deeply and how that can help us organize our communities for change. We'll also plan and strategize for 2025.

SATURDAY, FEBRUARY 1, 9AM-3PM
