

Smokebush at Sunset

A Retrospective Exhibit
July Annual Meeting 2021

Dear Photography Committee Members,

Our April Sweepstakes entries for “Opening Up, Buds and Blooms”, plus the added colorful exhibit of photos, showed beautifully at our May Annual Business Meeting. It was a great opportunity to catch up with our photographers and hear some new thoughts. Frank Fontana suggests that we all go through our files and our printed photos and bring our best and favorite image, or a couple of images, to the Annual Meeting for a special Retrospective Exhibit. It could be something that you printed, but didn’t find that it suited the Sweeps classes, or something that won an award and you would like us to see it, or see it again, as representative of your work, or just a favorite image that has been sitting inside your computer and needs to get out and be printed, mounted, and fully appreciated. This exhibit is not a Sweepstakes and we will not be judging.

In a quiet moment, we invite you to look at your photos and see what you have accomplished over the last two years or more. This will also pique thoughts about what we would like to do in the next two years. Where would you like to go? What would you like to study? Do we need more workshops? Do we hold too many or too few Sweepstakes? What else should we do with our photography committee?

I personally love the field trips and the opportunities to shoot together.

This assumes that our Annual Meeting in July will be an in-person opportunity. If we find that we can not hold an in-person event, we will gather the images and keep them together for the first opportunity we have to exhibit.

It has been a genuine pleasure to chair the LGC Photography Committee during this last two year cycle. Thank you for your sustained enthusiasm and participation.

Keep your focus!
Cathy
