Employment Type: Full Time	Length of Work Year: 185 day - Traditional C
Salary: \$50,000 - \$75,000 + potential hiring bonus, potential other earning opportunities	Contact: Kathy Osterhout kathy@sdccs.org

### Job Summary

If you are looking for a TK4-Grade 8 school dedicated to the whole child, honors creativity, and allows teachers a strong voice, we are the school for you! SDCCS is a child-centered, progressive, constructivist school focused on academic excellence and social-emotional learning. Please see our website for more information [www.sdccs.org](http://www.sdccs.org).

This job is the heart of our school. Our community is deeply committed to educating the whole child; art unites us at SDCCS. We are looking for a candidate who can foster both the love and knowledge of art in our students. Our diverse community is looking for someone to share their passions and expertise and can continue our well-developed art department. Although our program is well-developed, teachers are treated as professionals and have the freedom to create a curriculum that translates to the students in front of them. Art should be taught and integrated within our classrooms. This is a fantastic opportunity for someone who is organized, skilled, and loves teaching art. Our community is very responsive to any support teachers need. The Art Teacher will have \$3000+ for supplies and opportunities to work with our Parent Staff Association for larger projects.

### Requirements / Qualifications

- Single Subject Art Credential with CLAD certificate
- Bachelor's from an accredited organization
- Negative TB test in past two years
- Livescan clearance through the San Diego County Office of Education

Candidates should submit two documents (in PDF format) to apply for this position: a cover letter specific to this job posting and how you think you fit with our school and a current resume.
