

Yale University School of Medicine
Department of Orthopaedics & Rehabilitation
Division Chief, Foot and Ankle

The Department of Orthopaedics & Rehabilitation at the Yale School of Medicine seeks an experienced surgeon as Division Chief of Foot & Ankle. This position will have leadership responsibilities across all three missions: clinical, education, and research. This is a wonderful opportunity for the incoming candidate to build upon and expand an incredible program.

We are searching for a unique leader focused on growing and building expansive division. The ideal candidate is a proven leader, with the ability to educate residents, mentor junior faculty, and is board-certified in Orthopaedics with fellowship training in foot and ankle surgery.

OPPORTUNITY HIGHLIGHTS

- Exciting advancements within the Department of Orthopaedics & Rehabilitation with opportunities for significant program growth.
- Department is young, innovative, growing, and poised to be a top program in the nation.
- Ability to grow and mentor division faculty while collaborating with leaders within the department, service line, affiliated hospitals, and the health system overall.

NEW HAVEN, CONNECTICUT

Located alongside Long Island Sound in a beautiful region of New England, New Haven is a charming city that offers a remarkable quality of life for all of its residents.

- Exceptional public and private schools as well as local colleges and universities
- Four distinct seasons and endless opportunities for outdoor recreation, including swimming, sailing, skating, hiking, biking, and golfing
- Convenient access to New York and Boston and their many amenities, including international airports, Broadway shows, and professional sporting events
