

Vice Chair Clinical Operations General OBGYN Department of Obstetrics and Gynecology

The Department of Obstetrics and Gynecology at the Medical College of Wisconsin (MCW) and Froedtert Health seeks a dynamic physician leader with proven administrative skills to lead the clinical operations of the General OBGYN practice of MCW and Froedtert Physician Group. The individual will be instrumental in advancing care delivery in existing and new ambulatory sites and provide leadership that will promote excellence, consistency and safety in the operation of our programs. The individual will also participate in recruitment and in supporting collaborative relationships between care teams across the health system. The Generalist group consist of 40 physicians and 19 Advanced Practice Providers (APPs) that practice at 12 clinic sites.

About the Department of Obstetrics & Gynecology

The Department of Obstetrics and Gynecology has 35 faculty and 13 APPs who provide care in maternal fetal medicine, gynecologic oncology, reproductive endocrinology, urogynecology and pelvic reconstructive surgery, general OBGYN, and subspecialty gynecologic services such as pediatric and adolescent care, family planning, transgender care and minimally invasive surgery, in addition to mental health and genetic services. The Department also has a very active Research and Advanced Education Division and a strong clinical trials program in gynecologic oncology and maternal fetal medicine. The Department has an ACGME-accredited Residency (32 positions) and a fellowship in Maternal Fetal Medicine and Gynecologic Oncology.

About Froedtert Health

Froedtert Health combines with the Medical College of Wisconsin to form the Froedtert & the Medical College of Wisconsin health care network — made up of Froedtert, Froedtert Menomonee Falls, and Froedtert West Bend Hospitals and more than 30 primary and specialty care health centers and clinics and 1600+ physicians. The Department also works at the Children's Hospital of Wisconsin which has a top-ranked level IV Neonatal Intensive Care Unit and the Zablocki VA Medical Center.

About the Medical College of Wisconsin

MCW is a private medical school and major national research center founded over 115 years ago. The college remains committed to educating and developing the next generation of physicians and scientists; discovering and translating research knowledge; providing high quality patient care and improving the health of the communities we serve. MCW is the largest research institution in eastern Wisconsin and second largest in Wisconsin. In FY 2017, \$234 million was invested in research, teaching, training, and related purposes at MCW.
