

*The NIH is the center of medical and behavioral research for the Nation
making essential medical discoveries that improve health and save lives.*

**Department of Health and Human Services
National Institutes of Health**

**National Institute of Arthritis and Musculoskeletal and Skin Diseases
Director of the Division of Extramural Activities**

Are you a top-level Scientific Researcher or Scientific Administrator seeking a career at one of the preeminent biomedical research institutes in the nation and world? The National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS), a major component of the National Institutes of Health (NIH) and the Department of Health and Human Services (DHHS), is seeking exceptional candidates for the position of Director, Division of Extramural Activities (DEA). The DEA Director position offers an exciting opportunity for scientific and managerial leadership in developing and implementing extramural research programs in support of the NIAMS mission.

We are looking for applicants with a commitment to scientific excellence and the energy, enthusiasm, and innovative thinking necessary to lead within a dynamic and diverse organization. Applicants must possess an M.D., Ph.D., or equivalent doctoral degree in the biomedical or related field. Applicants must have excellent knowledge of the research, advanced principles, theories and practices applicable to arthritis, musculoskeletal and skin diseases. He/she must have proven experience in directing and managing a comprehensive scientific extramural research program with the requisite administrative and interpersonal skills to meet the demands of program direction.
